

Lake County Address Application

Lake County GIS Department
106 Fourth Avenue E
Polson, MT 59860
Phone: 883-7212
gis@lakemt.gov

Application Fees: One address per application - \$75.00 per lot – new address point

To support public safety and to speed up the process, the GIS Department will waive the initial application fee. However, if the centerline of the access point is not clearly marked and a return visit is necessary, the application fee will be reinstated.

Yes No N/A Have you turned in a County or State Road Approach Permit? Contact the Lake County Road Dept. (883-7206) or State Highway Dept. (406-751-2000) for new driveway approaches onto county or state public roadways.

Property Information:

Geo-Code or Parcel ID: 15-____-____-____-____-____-0000

Assessment Code: _____

Legal description: _____

Subdivision (if applicable): _____

Township: _____ Range: _____ Section: _____

Directions: (on back of sheet or provide an attachment)

Provide an overview indicator map or describe in detail the location of your driveway. Indicate any geographic features or neighboring properties to help us find the location. The access will be located using GPS equipment; therefore, the access must be clearly marked on-site as follows:

The centerline of the driveway must be clearly marked where the driveway begins. This can be done with a marking stake, ribbon, or any other clear indicator of the center of the driveway. This provides Emergency Services with a clear turn on to the driveway

If you have any questions with any part of the application, don't hesitate to call.

OFFICE USE ONLY:

Address Assignment: _____
